Who needs to submit this form?
In accordance with U.S. federal policy, all WCM employees and students who are planning personal or business travel to the countries listed below need to complete the Electronic Export Information (EEI) filing.

- China
- Russia
- Venezuela

Apply for an Automated Commercial Environment (ACE) Exporter Account
In order to complete the Export Control Travel Filing process, you will need to first apply for an ACE account.

1. Gather the required information for this application:
   a. To apply, you will need to provide an Employer Identification Number (EIN):
      i. If you are a US citizen traveling on personal business, you can use your Social Security Number as the EIN.
      ii. If you are a non-U.S. national, you can use your passport number.
iii. All others, you will need to obtain an EIN by following the guidance provided by Census.gov: (https://www.census.gov/foreign-trade/regulations/How_to_Obtain_an_EIN_COMBINED.pdf)

iv. **Note:** The EIN is for a specific individual. This filing was originally meant to be used by companies to ship materials abroad, and was recently expanded to individuals traveling to China, Russia, and Venezuela. This is why the individual must register as a sole proprietor. If an individual from WCM does the filing on behalf of a colleague, then WCM’s EIN can be used.

2. To apply for the ACE Exporter Account, click or copy and paste the URL below to access the application, which is found on the U.S. Customs and Border Protection site.
