Welcome to Weill Cornell Events

Weill Cornell Events is a public event system for Weill Cornell faculty, staff and students. It can be used to create events, attend events, invite people to events and much more.

The address for Weill Cornell Events is http://events.weill.cornell.edu

It is accessible on-campus and off-campus.

You can use Weill Cornell Events without having to log in to view information about events and public profiles.
Searching

Use the search field in the top right corner to search for events and places.
Event Details

Click on an events title to view more information about the event including location, who is going and any recent comments.

If you are logged in, you can click the “Watch This” or “I’m Going” buttons to add this event to your calendar.

If you are not logged in and click on of these buttons, you will be directed to the log in page.
Location Details

Click on a location title to view more information about the location including directions, capacity, and events happening there.

Logging On

At any time while browsing the Weill Cornell Events site, click on the “Login” button to access the rest of the features of the Events site.

You will be asked to input your CWID and password.

Once logged in, you will be directed to your Dashboard.
Dashboard

Your dashboard is the first thing you will see after logging in.

From here you can see any events coming up that you are attending, activity on events you are attending or watching, and respond to messages and friend requests.

You can use the navigation across the top and sides to visit other areas of the Events system.

The red box with a number inside is your notifications. This will let you know if you have any new messages or friend requests.
Messages

Here you can approve or deny friend requests and read and reply to any messages.
Profile

This is where you can view your public profile. It will show your upcoming events, friends and recent activity.

You can control what is shown publicly via the Privacy Controls under your account.
Edit Profile

When logged in, you can edit your profile by clicking the “Edit Profile” link on the left.

All of this info is optional.
My Calendar

My Calendar will show you a quick view of events that you are watching or attending. You can use the arrows to navigate by week or use the calendar on the right to navigate by month.

You can also use the Subscribe links on the bottom right to import your Events calendar into your system of choice.
Account Settings

This is where you can update your location, Twitter username and connect to Facebook.
Notifications

Clicking on the Notifications button will bring you to your notification preferences.

Here you can choose which system events will trigger an email notification.
Privacy

Clicking on the Privacy button will bring you to your privacy preferences.

From here you can specify the visibility of your profile including your events, your photos and your main profile.

The visibility options are as follows:

-Everyone: viewable to anyone who visits the Events site

-Just my Friends: viewable only to those who you have made friends in the Events system

-Nobody: only viewable to yourself when logged in
Add an Event

From the Events home page, click on the “Add an Event” button. This will take you to the Event submission form.

Fill out as much information as you can. The following sections are required:
- Event Title
- Description
- Date of Event

The location can be pulled from the preset Weill Cornell locations. Just start typing the name and select the location you want when it pops up.

If the event requires that attendees purchase tickets, uncheck the “This event is free” box and you’ll be presented with areas to fill out ticket information.

When everything is filled out, click on the “Add Event” button.
Share with Facebook

If you have connected your account to Facebook, after you create an event you can share that event with Facebook.
