- Windows Phone
- Other (and cell phones)

Continue
Duo Enrollment

Follow the onscreen instructions to download the Duo app to your device (screen shown is for iOS, your instructions may differ).
Duo Enrollment

Download and install the Duo app on your mobile device when prompted, and do the following:

1. Open the Duo mobile app
2. Tap + to add a device, and tap Scan Barcode.
3. Scan the barcode on your computer screen.
4. Click Continue on your computer screen.
Duo Enrollment

Check the box next to "Automatically send me a", and choose a method of notification. Scroll down and click "Done" after you have finished.

ITS Best Practice: Select Duo Push to receive push notifications through the Duo app.
Congratulations! You have successfully installed and configured Duo for your device!

Click Log in to test the authentication process. Your device will prompt you to accept the login request.

Return to https://duo.weill.cornell.edu at any time to manage your account and enroll new devices.
