

# SCIENTIFIC COMPUTING TRAINING SERIES

Webinars sponsored by  
**Cornell University's Center for Advanced Computing and  
Weill Cornell Medicine Scientific Computing, ITS, &  
Clinical and Translational Science Center**

Open to all workforce members and students of Cornell University, WCM, WCM-Q, and Cornell Tech

**FEB 6**  
9-10AM

## **Introduction to Python**

*Instructor: Ben Trumbore*

**FEB 13**  
9-10AM

## **Intermediate Applied R**

*Instructor: Christopher Cameron*

**FEB 20**  
9-10AM

## **Intermediate Python**

*Instructor: Chris Myers*

**MARCH 5**  
9-10AM

## **Python Use Cases**

*Instructor: Christopher Cameron*

**MARCH 12**  
9-10AM

## **AI, Machine Learning, and Deep Learning with Python**

*Instructor: Chris Myers*

**MARCH 19**  
9-10AM

## **Deep Learning and Generative AI Use at Research Hospitals**

*Instructor: Bennett Wineholt*

**APRIL 9**  
9-10AM

## **AWS 101**

*Instructor: AWS Solutions Architect Team*

**APRIL 16**  
9-10AM

## **SageMaker 101 (AI/ML on AWS)**

*Instructor: AWS Solutions Architect Team*

**APRIL 23**  
9-10AM

## **SageMaker Studio**

*Instructor: AWS Solutions Architect Team*

**APRIL 30**  
9-10AM

## **GenAI on AWS**

*Instructor: AWS Solutions Architect Team*
