ABOUT THE TRAC SERIES

Tech Tuesdays is pleased to host the Tri-Institutional Request Assessment Committee's (TRAC) two-part series. To get the full benefit of this series, we recommend attending both workshops located in the Library's Collaboration Room.

Need data for initiatives or research?

Want to access information from clinical, financial or other systems?

TRAC will be hosting seminars on the process for requesting and sharing data across NewYork-Presbyterian Hospital, Columbia University Physicians and Surgeons, and Weill Cornell Medical College. TRAC's seminars are intended to educate college and hospital staff that plan to request data or would like to learn more about the data sharing process.

DATE	TOPIC
Tuesday, September 13	What is TRAC? How do I get access to data? An introduction to TRAC, the request form, and the data sharing process.
Tuesday, September 20	TRAC 102: What data are available? What self-service platforms currently exist at the three institutions? An overview of the data sources and resources for self-service data exploration.
